

PRODUCT INFORMATION

C27S Folding Tool Trolley

Top Features

- Folds into compact unit
- Drawers open both ways
- Lightweight, Strong design
- Centralised locking
- Thermoplastic Worktop with built in Tool trays

Tools shown are for reference purposes only and can be purchased as a separate item

Top Benefits

- Sturdy construction makes it durable but still light enough to transport and manoeuvre even when full of tools
- Centralised locking mechanism ensures security of the tools inside
- Easy and quick to expand and collapse - saving you time
- When closed, the compact design enables you to transport your tools from workshop to site - No need to swap tools into another box just close and go!
- Drawers open from both sides making it easier to locate what you need
- Large lower compartment will accommodate bulkier items
