

1498/8A

Electronic car / commercial vehicle battery charger, 12 V

CE

Protected against polarity reversal and short circuits

- Digital backlit display
- Pull-back fixing hook
- Rated current (min-max): 1-4 A (1498/4A); 2-8 A (1498/8A)
- Battery capacity: 4-80Ah (1498/4A); 5-160Ah (1498/8A)

- Slow and quick charge (2A-8A)
- Flat battery recovery function
- Power supply function 13.8V-5A
- Protected against polarity reversal and short circuits
- Manual battery type selection
- Digital backlit display
- Pull-back fixing hook

TECHNICAL DATA

Power supply voltage: 220V - 240V

Frequency: 50-60 Hz

Rated current (min-max): 2-8 Amp

Battery voltage: 12V

Battery capacity: 5Ah-160Ah

Memory saving feature: 13,8V - 5A

Degree of protection: IP65
